The Corporation for National and Community Service works with non-profits, faith-based groups, schools, and other civic organizations to engage Americans of all ages and backgrounds in community-based service which addresses the Nation's educational, human, public safety, and environmental needs, including homeland security, to achieve meaningful results. In doing so, the Corporation fosters civic responsibility, strengthens the ties that bind us together as a people, and provides educational opportunity for those who make a substantial commitment to service.

National Service Trust.—The Trust serves as a secure repository for educational awards set aside for eligible participants in National Service programs. The budget request supports the President's goal of 75,000 new AmeriCorps members and is based on the accounting methodology specified in the Strengthen AmeriCorps Program Act of 2003.

AmeriCorps State and National grants.—With funds both channelled through States and provided directly to community based organizations, AmeriCorps grants enable communities to address problems they identify by using the skills of individuals serving in National Service positions. The budget request funds 67,500 AmeriCorps State and National members.

Innovation, demonstration, and assistance.—This activity supports innovative and demonstration service programs that may not be eligible under other subtitles of the national service laws, training and technical assistance to grantees, disabled participants who need special accommodation, and other activities that help build an ethic of service among Americans of all ages and backgrounds.

Evaluation.—This activity supports performance measurement and studies of program impact. The budget request funds key recurring data collection activities: performance benchmarking surveys for each major program, a longitudinal study of the impact of AmeriCorps service on members, and a Current Population Survey supplement on volunteering in America.

AmeriCorps National Civilian Community Corps.—A residential national service program for people ages 18–24. AmeriCorps*NCCC members are deployed to respond to disasters, build low-income housing, tutor children, preserve the environment, and meet other local needs. The budget request would fund about 950 NCCC members, address capital needs at the five NCCC campuses, and improve member recruitment.

(INCLUDING TRANSFER OF FUNDS)—Continued

Learn and Serve America.—Provides grants to schools, higher education institutions and after-school programs to integrate service into their curricula. Service-learning aims to promote civic participation and volunteering from an early age.

State Commission Administrative Grants.—These formula grants support the operations of state service commissions, through which the Corporation funds roughly three-quarters of AmeriCorps*State and National programs. Commissions are responsible for monitoring sub-grantees and ensuring that they comply with Federal requirements and performance expectations. These grants must be matched dollar for dollar by the commissions.

Points of Light Foundation.—A grant will be provided to this nongovernment, nonprofit 501(c)(3) entity to enable it to increase opportunities for Americans to participate in voluntary activities.

America's Promise.—A grant will be provided to this nongovernment, nonprofit 501(c)(3) entity to enable it to mobilize individuals, groups and organizations to build and strengthen the character and competence of the Nation's youth.

The gifts and contributions account is a consolidation of two trust accounts. In one, gifts and contributions from individuals and organizations are deposited for use in furthering program goals. In the other, funds appropriated to make educational awards to individuals who successfully complete national service are maintained until such time as the individual uses those awards.
